

Dear Valued Clients,

Please enjoy your service at Clip Joint Salons knowing that additional safety precautions have been implemented across CJS locations to reduce the risk of exposure to illness. This includes:

- Single use of capes, towels and gloves
- Use of disposable cups
- Stations, basins and all equipment being sanitised after use
- Additional end of day sanitisation procedures
- Reduced volumes of clients at peak times
- Removal of magazines and other communal touch points (pens, menus etc)
- Where possible, distances between stations have been increased to 1.5 metres.

Clients who have recently travelled, have any symptoms or have been in-contact with anyone who is unwell have been requested to reschedule appointments. If anyone presents unwell to salon, they will be turned away.

The CJS Management Team are also monitoring the health of stylists on an ongoing basis.

Thank you for your assistance during this time. We do hope to see you in-salon soon.

With Kind Regards,  
CJS Management.
